- Removes bacteria and organic residues from treated surfaces
- Helps maintain freshness for a longer time
- Concentrated probiotic bacteria
- Creates and maintains a healthy microflora on the surface

PACKAGING

100ml HDPE bottles

DESCRIPTION

BIO FRESH is a 100% organic solution, enriched with probiotic bacteria, used for cleaning of fresh fruits and vegetables.

BIO FRESH removes organic dirt from the surface of fruits and vegetables and creates a stable and safe microflora that keeps at a distance harmful bacteria and pathogens that can harm both fruits, vegetables and people, if ingested

BIO FRESH also helps maintain treated fruits and vegetables fresh for a longer time,

HOW TO USE :

1. Remove dirt from fruits and vegetables normally under running water
2. Fill a bowl with water and add two tablespoons of BIO FRESH (2 tablespoons to a maximum of 5 liters of water)
3. Put the products in the bowl, and leave there for 10 minutes
4. remove the products and let them dry naturally - they can be put directly in the fridge without being dried

ATTENTION!

Store the products between 5°C and 45°C.
Use diluted product in a maximum of 5 days.

IMPORTANT NOTE

NO NEED TO DRY OR WIPE THE PRODUCTS

The packaging is not reusable and when finished, rinse and discard in accordance with the recycling laws in your country
